The information contained in this university student handbook is correct for the academic year 2021/22. Changes may be made to the information prior to entry in 2021/22

I would like to welcome you to Kafrelsheikh University Booklet which gives you formal information about the undergraduate and postgraduate programs offered by the University. Kafrelsheikh University aspires to provide distinguished graduates, who will be able to compete in the local and regional labor markets through the partnership with civil society institutions which will provide the University's students wide practical experience along with the world-class theoretical education by an elite group of faculty and administrative staff.

The University campus provides students with modern teaching facilities, well-equipped spaces for lectures and practical lessons, and accredited labs and workshops. The University also offers a vibrant experience through its many sports facilities, service shops, and green spaces with open playgrounds, wide and spacious roads. The University's distinguished environment is reflected by its top-ranking position over the past four years respectively according to the UI Green Matric. The University also offers well-furnished accommodation in the University's guesthouses and hotels.

Kafrelsheikh University has been developing well reputation on the local and international level for its excellent oriented teaching and ground-braking research, as the University offers new programs and degrees. This high-quality research enables the University to occupy advanced position in most of the world universities classification rankings such as the Times Higher Education University Rankings of 2018,2019 and 2020 where it was ranked 601, as well as the Shanghai World Classification Ranking for academic subjects for the years 2019 , 2020 and 2021.
