

Faculty of Dentistry

Kafrelsheikh University

Biography

Personal data

Name: Talat Mohamed Basiouny Beltagy

Date of Birth: 4-12-1965

Place of Birth: Sheno - Kafr El-Sheikh Center and Governorate

Egyptian nationality

Religion: Muslim

Marital status: Married

Current position: Professor in the Department of: Pediatric Dentistry, Faculty of Dentistry - University: Kafr El-Sheikh.

Address: Kafr El-Sheikh - Division 2 - Al-Shaheed Muhammad Al-Demerdash Al-Shaitani Street - Sabri Al-Gharib Tower - Apartment No. 1

Email: tallatbeltagy@yahoo.com

Phones: Home: 0473093253 Mobile: 01001068922

1- Bachelor's degree: Bachelor of Oral and Dental Medicine and Surgery

- Grade: very good, with honors

- Faculty name: Faculty of Dentistry, Tanta University
- University location: Tanta (Governorate): Gharbia
- Date of obtaining the degree: 1988

2- Master's degree: Master's degree in Oral and Dental Medicine and Surgery, Pediatric Dentistry Branch

- Faculty name: Faculty of Dentistry - Tanta University
- University location: Tanta (Governorate): Gharbia
- Date of obtaining the degree: 1995

3- Doctorate Degree: Doctorate in Oral and Dental Medicine and Surgery, Pediatric Dentistry Branch

- Faculty name: Faculty of Dentistry - Tanta University
- University location: Tanta (Governorate): Gharbia
- Date of obtaining the degree: 2001

4- Diploma in Hospital Management: June 2017 with an excellent grade

- Faculty name: Faculty of Commerce - Kafr El-Sheikh University
- University location: Kafr El-Sheikh (Governorate): Kafr El-Sheikh
- Date of obtaining the degree: 2017

5- Career gradation:

- 1- Demonstrator at the Department of Pediatric Dentistry - Faculty of Dentistry - Tanta University by Resolution No. (1309) dated 12/11/1989 as from 12/11/1989.
- 2- Assistant Lecturer in the Department of Pediatric Dentistry - Faculty of Dentistry - Tanta University by Resolution No. (284) dated August 29-1995 as of August 29-1995.
- 3- Lecturer in the Department of Pediatric Dentistry - Faculty of Dentistry - Tanta University by Resolution No. (261) dated 10/03/2001 with effect from 02/21/2001, the date of approval of the appointment by the University Council.

4- Assistant Professor, Department of Pediatric Dentistry - Faculty of Dentistry - Tanta University by Resolution No. (1851) dated 11/27/2013 as of 11/24/2013, the date of approval of the University Council.

5- Professor in the Department of Pediatric Dentistry - Faculty of Dentistry - Kafr El-Sheikh University by Resolution No. (11) dated 8/1/2020 as of 31/12/2019, the date of approval of the University Council.

6- An assistant professor in the Department of Pediatric Dentistry - Faculty of Dentistry - Kafrelsheikh University was transferred by Resolution No. (7865) on 09/16/2015 as of 09/13/2015 AD, the date of his assignment to the university.

7- Assignment to carry out the duties and tasks of the Vice Dean for Education and Student Affairs for the academic year 2015/2016 until there is a professor in the faculty by Resolution No. (7871) dated 09/19/2015 as of 09/19/2015.

8- Renewing the assignment to carry out the duties and tasks of the Vice Dean for Education and Student Affairs for the academic year 2016/2017 until there is a professor in the faculty by Resolution No. (711) dated 07/28/2016 as of 07/28/2016.

9- Renewing the assignment to carry out the duties and tasks of the Vice Dean for Education and Student Affairs for the academic year 2017/2018 until the presence of a professor in the College by Resolution No. (873) dated 20/8/2017 as of 20/8/2017.

10- Renewing the assignment to carry out the duties and tasks of the Vice Dean for Education and Student Affairs for the academic year 2019/2020 until there is a professor at the College by Resolution No. (1332) dated 2/7/2019 as of 1/8/2019.

Training courses:

I- Faculty development courses, which are as follows:

- | | | | |
|---|-----------|----|-----------|
| 1. Professional ethics | 22/4/2018 | to | 23/4/2018 |
| 2. Competitive Research Projects | 29/4/2018 | to | 30/4/2018 |
| 3. Management of the research team | 6-5-2018 | to | 7-5-2018 |
| 4. Strategic Planning | 26/7/2017 | to | 27/7/2017 |
| 5. Financial and legal aspects in universities | 30-7-2017 | to | 1-8-2017 |
| 6. International Scientific Publication | 6-8-2017 | to | 8-8-2017 |
| 7. Credit Hours System | 26/5/2009 | to | 28/5/2009 |
| 8. Communication skills in different types of education | 9-6-2009 | to | 11-6-2009 |
| 9. Legal and Financial Aspects of University Business | 16-6-2009 | to | 18-6-2009 |
| 10. Department of Scientific Research | 7-2-2006 | to | 9-02-2006 |
| 11. Methods of Scientific Research | 6-08-2005 | to | 9-08-2005 |
| 12. Decision-making and problem solving | 12-6-2005 | to | 8-12-2005 |

II- A training course in dental implants at Tanta University. 12-26-1995

III - Training course in general anesthesia for pediatric dentistry at the Pediatric Dentistry Conference

Faculty of Dentistry, Cairo University, held from 4-6 March 2009.

IV - An intensive training course in dental implants, Tanta University. 12 Feb.- 29 March

2013 at Tanta University

V- A workshop in the basic technique of stem cell isolation and tissue culture at the Faculty of Medicine

Basic technique of stem cell isolation and tissue culture 2016.

Title of Master Thesis

Effect of short term penicillin derivatives therapy on salivary level of streptococcus mutans in relation to dental caries in children suffering from acute infections

Supervisors

Prof. Nagat Mahmoud Wagih

(Professor of Pediatric Dentistry and Public Health - Faculty of Dentistry - Tanta University).

Prof. Wassila Morsi Mohamed

(Professor of Microbiology - Faculty of Medicine - Tanta University).

Dr. Azza Mahmoud Taj El Din

(Lecturer of Pediatric Dentistry - Faculty of Dentistry - Tanta University)

Title of PhD Thesis

Clinical and laboratory evolution of hybrid ionomers and composite resin in reinforcement of weakened root canals of central incisors in children

Supervisors

Prof. Dr. Fatima Abdel Moneim Al-Hindawi

(Professor, Department of Pediatric Dentistry - Faculty of Dentistry - Tanta University).

Dr. Hatem Abdel Hamid Al-Hadini

(Lecturer, Department of Conservative Therapy, Faculty of Dentistry - Tanta University).

Dr. Osama Mohamed Abdel Karim

(Lecturer, Department of Materials Properties, Faculty of Dentistry - Tanta University).

Supervising scientific theses

- Supervising many master's theses at Tanta University and Kafr El-Sheikh.
- Discussing many master's theses in different Egyptian universities.
- Member of the examination committees for diploma, master and doctorate degrees in Egyptian universities.

- 1- An evaluation of two active lingual arches used for resolving moderate lower anterior crowding in mixed dentition

By

Ahmed Ezzat

Tanta University

2005

- 2- Clinical and radiographical evaluation of Beta Tricalcium phosphate and Mineral Trioxide Aggregate in primary molar pulpotomy

By

Mohamed Ahmed Ragheb Kotkat

Tanta University

2002

- 3- Clinical and laboratory evaluation of resin-based and glass ionomer fissure sealants in first permanent molars of children

By

Shymaa Mohamed Hedwa

Tanta University

2014

- 4- Comparative Study of the Clinical and Radiographic Effects of Pulpotec and Mineral Trioxide Aggregate on the Pulp of the Primary Molars

By

Ola Badawy Zevil

Tanta University

2018

**5- Fabrication and Evaluation of a Novel Nano modified Resin Cement in Tooth
Fragment Reattachment of Uncomplicated Coronal fracture of Permanent
Incisors: In Vitro Study**

By

Baraa M. El-Kemary

Kafrelsheikh University

2018

Membership of judging and discussion committees

1- Dental age assessment among a group of children in Tanta city

By

Abdlrahman Mezar Azzawi

Tanta University

2014

2- A study on the eruption sequence of primary and permanent teeth in a group of children in Giza Governorate

By

Rehab Helmy Mohamed

Cairo University

2015

3- Assessment of oral health status and dental age in children with from B-thalassemia major

By

Mohamed Gamal El Kashlan

Tanta University

2017

4- Assessment of Biodentine as an indirect pulp capping material in young permanent molars

By

Amira Fathy Soliman

Tanta University

2018

5- Evaluation of ethetics and marginal adaptation of composite restoration for fractured permanent incisors

By

Mai Mohamed Ibrahim

Mansura University

2018

**6- Evaluation of children's anxiety using different behavior
management technique**

By

Diana Mohamed Saad Amer

Mansura University

2019

**7- Applicability of Boston University Approach for predicting permanent teeth size in
size in a Sample of**

Children

By

Ahmed Abou Bakr Ali

Tanta University

2020

**8- Evaluation of Antibacterial and Mechanical Properties of Three Different Pit and
Fissure Sealant Materials**

By

Hadeer Mohamed Abdelwahab Ayeldein

Tanta University

2020

Attended as a speaker in all the following:

1-Tanta International Dental Conference (TIDC 2017), Tanta University.

Egypt-Tanta (13-15 December)

Title : a- Over view on compromised permanent incisors management

: b- Platelet-rich Fibrin as a Possible Autogenous Transport Medium for
Avulsed Teeth: An in Vitro Study

2-The 18 International Dental Congress (EDA) 2017.

Cairo- intercontinental city star. Egypt (22-24 November)

Title: Rehabilitation of compromised permanent incisors with anatomically
adjustable fiber post

3-The 18 International Dental Congress (EDA) 2017.

Cairo- intercontinental city star. Egypt (22-24 November)

Title: Laboratory and Clinical Evaluation of Uncomplicated Fragment Reattachment
Using Pinholes

4-The 3rd Kafr El Sheikh Dental Conference 2017.

Egypt-Kafr El Sheikh (26-27 October)

Title: Management of intrusive luxation with immediate surgical repositioning

5-CED-IADR/NOF World Dental Congress 2017.

Austria-Vienna (21-23 September)

Title: Antibacterial and Mechanical Assays of Resin Modified Glass Ionomer
Containing Propolis is Extract

6-FDI world dental congress 2017.

Madrid-Spain (28 August-1 September)

Title: Laboratory and clinical evaluation of uncomplicated fragment reattachment
using pin holes

7-FDI world dental congress 2017.

Madrid-Spain (28 August-1 September)

Title: Rehabilitation of compromised permanent incisors with anatomically adjustable fiber post

8-The 1st Egyptian Dental Syndicate International Congress (EDSIC) 2016

Egypt (31 August-2 September)

Title: Propolis: An Ancient Egyptian Agent in Pediatric Dentistry

9-The 1st Menofia Dental Syndicate Conference 2016.

Egypt-Menofia (31 August-2 January)

Title: Propolis: An Ancient Egyptian Agent in Pediatric Dentistry

10-The 2nd Egyptian Dental Syndicate International Congress (EDSIC) 2015

Egypt (2-4 September)

Title: Biologic reinforcement of compromised permanent incisors in children

11-The 4th International Dental Congress 2015, Tanta Dental Congress

Egypt-Tanta (April 2015)

Title: Human Natural Restoration in Young Permanent Incisors. A New Technique

12-The 1st International Dental Congress 2014, Faculty of Dentistry, in Shams University, In collaboration with Misr International University

Egypt (9-11 October)

Title: Human Natural Restoration in Young Permanent Incisors. A New Technique

13-The 2nd Annual Conference of Kafr El Sheikh Dental Administration in Collaboration with Dental Department of General Hospital 2014

Egypt-Kafr El Sheikh (3-4 April)

Title: Human Natural Restoration in Young Permanent Incisors

14-The 16th international Dental Congress 2013

Egypt (5-8 November)

Title: Evaluation of accessory fiber posts with self-adhesive resin-modified glass ionomer in reinforcement of structurally compromised upper permanent incisors in children

15- The 1st International Conference of Egyptian Society for Pediatric Dentistry and Children with Special Needs (Rehab., Relief & Rejoy)

4-6 March 2009 - Cairo – Egypt

Title: Biologic reinforcement of compromised permanent incisors in children

International Oral Presentations (3) & Posters (3)

1-Antibacterial and Mechanical Assays of Resin Modified Glass Ionomer Containing Propolis Extract

Talat M. Beltagy, Marwa Ezzat Abd-Elmonsef

Oral Presentation: *CED-IADR/NOF World Dental Congress 2017. Austria - Vienna (21-23 September)*

Egyptian Dental Journal 2017; 64(1): 1-13.

2-Rehabilitation of Compromised Permanent Incisors with Anatomically Adjustable Fiber Post

Talat M. Beltagy

Oral Presentation: *FDI world dental congress 2017. Madrid-Spain (28 August-1 September).*

Tanta Dental Journal 2018; 15(1): 52-59.

3-Laboratory and Clinical Evaluation of Uncomplicated Fragment Reattachment Using Pinholes

Talat M. Beltagy

Oral Presentation: *FDI world dental congress 2017. Madrid-Spain (28 August-1 September).*

Tanta Dental Journal 2018; 15(2): 1-10 .

4-Biologic reinforcement of compromised permanent incisors in children

Talat M. Beltagy

Poster: *5th American Dental Congress October 05-07, 2015 Philadelphia, USA*

Tanta Dental Journal 2016; 13(3):147-156.

5-Evaluation of accessory fiber posts with self-adhesive resin-modified glass ionomer in reinforcement of structurally compromised upper permanent incisors in children

Talat M. Beltagy

Poster: *5th American Dental Congress October 05-07, 2015 Philadelphia, USA*

6-Laboratory and clinical evaluation of uncomplicated fragment re-attachment using pinholes

Talat M. Beltagy

Poster: *23rd Global*

Dentists and Pediatric Dentistry Annual Meeting,

Certificate of attendance

1-16th Gharbia Dental Syndicate Conference, (White & Pink)

Gharbia, Tanta Club (19-20 October 2017)

2- 15th Gharbia Dental Syndicate Congress (GDSC) 2016

Gharbia, Arafa Hotel, Tanta (27-28 October)

3-The Annual Conference of Gharbia Dental Syndicate

(Future Prospective in Dentistry)

El Yasmina Plaza, Hotel, Tanta, 22th-23th November 2012

4-18th Alexandria International Dental Congress (AIDC 2012)

Alexandria University, 7-11 November.

5- The Second International Conference of Egyptian Society for Pediatric Dentistry and Children with Special Needs

14-15 March 2012 - Cairo - Egypt

6- The 15th International Dental Congress

Intercontinental City Stars Hotel- Cairo- Egypt. 26th-28th October 2011

7- The Regional Conference of Middle Delta Area

(Towards Excellence in Dental Practice)

Arafa Hotel, Tanta, 9-10 December 2010

8- Kafr Elsheikh First Dental Conference

Information and Development Center, 29-30 July 2010

9- The 2nd International Dental Congress

Intercontinental City Stars Hotel- Cairo- Egypt. 24th-26th March 2010

10- The Delta Regional Conference of Dentistry

Experts Meeting, Arafa Hotel, Tanta, 17-18 December 2009

11- The 14th International Dental Congress

Intercontinental City Stars Hotel- Cairo- Egypt. 11-13 November 2009

12- The 1st International Conference of Egyptian Society for Pediatric Dentistry and Children with Special Needs

Triumph Hotel, 4-6 March 2009, Cairo - Egypt

13- The 2nd International Conference for Enhancing Scientific Research: Innovation and development

Tanta University, 4-5 March 2009

14- The Third Delta Regional Conference

Experts Meeting, Arafa Hotel, Tanta, 13-14 November 2008

15- The 1st International Conference of Egyptian Society for Pediatric Dentistry and Children with Special Needs (Rehab., Relief & Rejoy)

4-6 March 2009 - Cairo - Egypt

16- The 13th International Dental Congress

Cairo Mrriot Hotel- Cairo- Egypt. 20-23 November 2007

17- 12th International Dental Congress

Cairo Mrriot Hotel, Egypt. 29 Nov.- 2 Dec. 2005

18- The First Arab Dental Forum

Tanta University, 20-22 November 2004

19- Gharbia 1st Annual Scientific Syndicate in Conjunction with the Egyptian Dental Syndicate and the Egyptian Association of Oral and Maxillofacial Surgery

(Current Dental Update), Gharbia Syndicate 23-24 October 2003

20- The 2nd International Congress, 3rd Scientific meeting for Pedodontics

(The Joint), Tanta University. 31 October 2001

21- Implant Training Program (15 Credit Hours) Tanta University. 26 December 1995

Oral presenter at scientific meetings

Participated in giving lectures in many scientific meetings of the Health Insurance Authority in the training programs of the Egyptian Ministry of Health and doctors of excellence at the Faculty of Dentistry, as well as the subsidiary unions of dentists in the various governorates of the Arab Republic of Egypt.

Research activities (Published Articles)

1-Role of nano-zirconia in the mechanical properties improvement of resin cement used for tooth fragment reattachment

Baraa M. El-Kemary, Ola el Borady, Sara Abdel Hamid Abdel Gaber, Talat M. Beltagy

Polymer Composites 2021;42(1):1-13.

2-Effect of Multiple Stainless Steel Crowns on Salivary pH, Nickel, and Chromium Levels

Talat M. Beltagy

Egyptian Dental Journal 2020; 66(1): 1-16.

3-Clinical, Radiographical and Histopathological Evaluation of Amniotic Membrane Allograft Pulpotomy in Primary teeth

Talat M. Beltagy, Sarah Yasser

Egyptian Dental Journal 2019; 65(4): 361-379.

4-Invisible Reinforcement of Uncomplicated Coronal Fracture Using Two Different Fiber-reinforced Composites: In Vitro and In Vivo Study

Talat M. Beltagy

Tanta Dental Journal 2019; 16(4): 201-215.

5-The Most Common 5 Pediatric Oral Lesions in Middle Nile Delta, Egypt

Talat M. Beltagy, Enas A. El-Gendy, Emad F. Essa and Ibrahim A.Kabbash

Egyptian Dental Journal 2019; 65(2), 169-181

6-The Effects of an Anti-inflammatory Diet on Gingival Health in Children (Randomized controlled trial)

Yasser M. El Makaky, Talat M. Beltagy, Ayman M. El Makaakey

Egyptian Dental Journal 2019; 65(3): 255-262.

7-Micro-marsupialization as a Conservative Therapeutic Approach for Management of Pediatric Oral Mucocoeles

Emad F. Essa, Talat M. Beltagy, Yasser M. El Mekaky

Tanta Dental Journal 2019; 16(3): 142-148.

8- Histopathological Pulp Response to Platelet-rich Plasma Pulpotomy in Primary teeth

Talat Mohamed Beltagy, Nagwa Abdel-Hady Ghoname, Doaa Amin Teiama

Egyptian Dental Journal 2018; 64(1): 43-55.

9-Platelet-rich Plasma Pulpotomy in Primary Molars

Talat M. Beltagy

Egyptian Dental Journal 2018; 64(2): 159-170.

10-Rehabilitation of Compromised Permanent Incisors with Anatomically Adjustable Fiber Post

Talat M. Beltagy

Tanta Dental Journal 2018; 15 (1): 52-59.

Oral Presentation: *FDI world dental congress 2017. Madrid-Spain (28 August-1 September).*

11-Laboratory and Clinical Evaluation of Uncomplicated Fragment Reattachment Using Pinholes

Talat M. Beltagy

Tanta Dental Journal 2018; 15(2): 1-10.

Oral Presentation: *FDI world dental congress 2017. Madrid-Spain (28 August-1 September).*

23rd Global Dentists and Pediatric Dentistry Annual Meeting
July 17-18, 2017 Munich, Germany

12-Bioactive Resin Modified GIC vs. Conventional One: in Vivo and in Vitro Study

Talat Mohamed Beltagy, Abeer AM Elhatery

Egyptian Dental Journal 2018; 64(4): 1-15.

13-Antibacterial and Mechanical Assays of Resin Modified Glass Ionomer Containing Propolis Extract

Talat M. Beltagy, Marwa Ezzat Abd-Elmonsef

Egyptian Dental Journal 2017; 64(1): 43-55.

Oral Presentation: *CED-IADR/NOF World Dental Congress 2017. Austria - Vienna (21-23 September).*

14-Platelet-rich fibrin as a possible autogenous transport medium for avulsed teeth: An in vitro study

Talat M. Beltagy, ElSayed M. Deraz, Ahmed A. Essa.

Tanta International Dental Conference (TIDC 2017),

Tanta University, Tanta, Egypt (13-15 December).

Egyptian Dental Journal 2017; 63(4): 725-731.

15-Variance of occlusion among preschool monozygotic twins

Talat M. Beltagy

Egyptian Dental Journal 2017; 63(4): 725-731.

16-Fracture resistance of rehabilitated flared root canals with anatomically adjustable fiber post

Talat M. Beltagy

Tanta Dental Journal 2017; 14(2): 96-103.

17-Biologic reinforcement of compromised permanent incisors in children

Talat M. Beltagy

Tanta Dental Journal 2016; 13(3): 147-156.

Poster: *5th American Dental Congress October 05-07, 2015 Philadelphia, USA*

18-Clinical and laboratory evaluation of resin-based and glass ionomer fissure sealants in first permanent molars of children

Shimaa M. Hadwa, Nahed AA. Abu Hamila, Talat M. Beltagy, Gehan A. El-Oleim

Egyptian Dental Journal 2016; 62(1): 453 - 461.

19-Evaluation of accessory fiber posts with self-adhesive resin-modified glass ionomer in reinforcement of structurally compromised upper permanent incisors in children.

Talat Mohamed Beltagy

Egyptian Dental Journal 2013; 59(2):1689 -1714.

5th American Dental Congress October 05-06, 2015 Philadelphia, USA

20-Clinical, radiographical and antibacterial evaluation of 3 Mix as root canal filling material for primary teeth.

Nagwa A Ghoname, Talat M Beltagy, Ibtesam K Afifi

Egyptian Dental Journal 2013; 59(2):1975 -1988.

21-Evaluation of Propolis Extract as Pulpotomy Agent in Primary Molars.

Talat M Beltagy, Nagwa A Ghoname

Egyptian Dental Journal 2013; 59(3):2761-2772

22-Clinical and Radiological Assessment for Retrofillings of Reinforced Roots: A 2-year Evaluation

Hatem A. Alhadainy, Talat M Beltagy, Usama M Abdel Kereim, Ahmed H. Labib

Egyptian Dental Journal 2009; 55(1): 441- 449

23-Factors affecting frequency of change of calcium hydroxide for apical barrier formation in necrotic immature permanent incisors

Talat M Beltagy Hatem A Alhadainy

Egyptian Dental Journal 2011; 57(1): 389-396.

24-Dentists' Knowledge of and Attitudes toward recognising and Reporting Child abuse and Neglect in Egypt

Khatab AM, Beltagy TM

Egyptian Dental Journal 2011; 57(4): 3509-3524.

25-The Effect of Apical Application of a Dentin Bonding Agent on the Sealing Ability of Different Retrofilling Materials

Hatem A. Alhadainy; Usama M. Abdel Karim, Talaat El_Beltagy

Egyptian Dental Journal 2009; 55(1): 355-360.

26-Comparison between Human Enamel Shell and Resin Veneer Restoration in Young Permanent Incisors

Talat Mohamed Beltagy

27- Oral Health Status in Children Undergoing Hemodialysis

Talat Mohamed Beltagy, Nagwa Abdel-Hady Ghoname

28-Invisible Dental Trauma Splint in Children (A Comparative Study)

Talat Mohamed Beltagy 2007

29-Clinical and Radiographic Evaluation of Calcium Hydroxide Iodoform Paste (Diapex) - Zinc Oxide Powder Mixture in Root Canal Treatment of Primary Molars

Talat Mohamed Beltagy, Nahed AA. Abu Hamila

Tanta Dental Journal, first issue, fourth volume, January 2007

30-Management of Unerupted Maxillary Permanent Central Incisors in Children

Talat Mohamed Beltagy, Nagwa Abdel-Hady Ghoname,

Tanta Dental Journal 2007; 4:82-88.

31-An Evaluation of Two Active Lingual Arches Used for Resolving Moderate Lower Anterior Crowding in Mixed Dentition

Talat Mohamed Beltagy, Ahmed Ezzat

Tanta Dental Journal, second issue, fourth volume, July 2007

32- In vitro determination of fracture resistance of roots reinforced with different adhesive materials

Talat M Beltagy, Fatma AEI-Hendawy, Hatem A Alhadainy, Usama M Abdel Kariem

Egyptian Dental Journal 2004; 46(2): 685-691.

Achievements

First: At Kafrelsheikh University:

1- The administrative side

- I participated in supervising the establishment of the Faculty of Oral and Dental Medicine, Kafr El-Sheikh University, since it was concrete columns and unfinished walls, as I was honored to accompany the former university president, Dr. Maged El Kemary, with Prof. Dr. Mohamed Hussein, the former dean of the faculty in supervising the construction works of this faculty since it was in its infancy and laying the foundation stone for it since 2013 until it became an edifice to be emulated.
- I was the second faculty member in the faculty and a resident of Kafr El-Sheikh governorate. I was transferred from Tanta University to Kafr El-Sheikh University on September 13, 2015 since its beginning in 2014, after the transfer of Ms. Dr. Abeer Abdel Wahab, the faculty lecturer from Tanta University to Kafr El-Sheikh University .
- Supervised and accelerated the transfer of the Faculty of Oral and Dental Medicine, Kafr El-Sheikh University from its temporary headquarters in the Faculty of Human Medicine, Kafr El-Sheikh University in 2014 to its current new location in 2014.
- One of the first participants in the opening of the college with Prof. Dr. Maged Abdel Kemary, the former president of the university.
- A member of the college receiving committee.
- Participation as the head of most of the various committees in the college, such as the procurement committees, setting specifications, opening envelopes, deciding, technical examination, and receiving equipment for the inauguration of clinics and laboratories.
- Participation in supervising the inauguration of the college clinics with dental units and laboratories and their devices and receiving them in the college, where the college started with a number of (54) integrated dental units and currently

there are (154) dental units of the latest international brands such as the American DCI and the German Ritter.

- Participation in the study of proposals regarding the assignment of faculty members from outside the university to present them to the Dean of the College and then the President of the University on behalf of the College Council.
- Participation in the preparation of advertisements for the positions of faculty members and the supporting body and setting accurate criteria for their selection.
- Participation in the evaluation committees of faculty members and the supporting body for their appointment to the college.
- Participation in the preparation and contract of cooperation protocols with the University of Tanta, Mansoura, Alexandria, Cairo and Ain Shams to accept the registration of the associate body for the master's and doctoral degrees.
- Participation in the work of direct and indirect communication channels to follow up the regularity and progress of the supporting body in their scientific career due to the absence of a postgraduate studies sector in the college.
- Participation in preparing the list of internship doctors with the former dean of the college in order to receive recent graduates who wish to perform their internship period at the college.
- Participation in preparing and equipping the outpatient clinics in the college to receive patients to activate the educational and service part together, as more than 3000 patients were received during the period of our administration of the college.
- Participation in the graduation of two batches of the college 2018-2019 and 2019-2020 without any obstacles during the study period or the examination period.
- Participate in preparing the college's annual self-reports in accordance with the criteria for accrediting higher education institutions.

Holding a ceremony honoring the best faculty members for all teams and the administrative body of the college in 2016-2017, which was entitled "Professor Dr. Maged El Kemary's Award for Educational and Administrative Excellence".

- Participation in the monthly meetings of the Education and Student Affairs Council at the university.
- Participation in the dental sector committee meeting in 2015.

2- The educational aspect

- Participation in theoretical lectures on pediatric dentistry and oral health for the fifth year.
- Participation in supervising the practical groups of pediatric dentistry for the fifth year.
- Participation in committees for setting theoretical, practical and oral exams for pediatric dentistry, oral health and preventive dentistry for fifth year students.

Among my duties as an agent for the College for Education and Student Affairs in the period from 2015-2020:

- Supervising the training of internship doctors.
- Participate in supervising the follow-up of teaching courses in the college.
- Participate in supervising the affairs of international students, following them up and overcoming obstacles in their regard.
- Participate in supervising the books and university notes for college students, according to the list and prices.
- Participation in the coordination between the study system and the college examinations.
