

Faculty of Science Chemistry Department

Final Essay for Quantum Chemistry (CH215)

Under graduated Students – Second Year (Chemistry Section)

Academic Year: 2019/2020 - Semester: 2nd Semester

Write an essay on ONLY ONE of the following topics:

- **②** Black-body Radiation: contradiction between classical and quantum theorem.
- **②** Photoelectric Effect and its role in shaping quantization expression.
- **3** Evolution of atomic models and Bohr-hydrogen model.
- **4** Wave particle duality.
- **5** Uncertainty principle.
- **©** Classical wave equation.
- **②** Wavefunction and its interpretation in view of quantum theory.
- **Operators in Quantum mechanics.**
- Quantum numbers.
- Particle in one-dimensional box and its application for chemical systems.

Best wishes >>>>>> Dr. Khaled Elkelany
