No.	Title	Authors	Title Journals	Impact Factor
1	Petrography, diagenesis and reservoir characteristics of the Pre-Cenomanian sandstone, Sheikh Attia area, East Central Sinai, Egypt	Mohamed A. Kassab , Ibrahim M. Hassanain a, Alaa M. Salem	Journal Of African Earth Sciences	1.832
2	Chemical variations of abyssal peridotites in the central Oman ophiolite: Evidence of oceanic mantle heterogeneity	Mohamed Zaki Khedr , Shoji Arai a, Marie Python , Akihiro Tamura	Gondwana Research	8.235
٣	Late Miocene K-rich volcanism in the Eslamieh Peninsula (Saray), NW Iran: Implications for geodynamic evolution of the Turkish–Iranian High Plateau	H. hafaiiMoghadama,, G. Ghorbani a,M. Zaki Khedr N. Fazlnia ,M.Chiaradia e, Y. Eyuboglu f,M. Santosh g, C. Galindo Francisco h, M. Lopez Martinez i, A. Gourgaud j, S. Arai b	Gondwana Research	
٤	A mixed hydrogenous and hydrothermal origin of the Bahariya iron ores, Egypt: Evidences from the trace and rare earth element geochemistry	Hassan M. Baioumy , Ahmed H. Ahmed , Mohamed Z. Khedr	Journal Of Geochemical Exploration	
٥	Origin of Neoproterozoic ophiolitic peridotites in south Eastern Desert, Egypt, constrained from primary mantle mineral chemistry	Mohamed Zaki Khedr & Shoji Arai	Mineralogy And Petrology	
٦	Supra-subduction zone magmatism of the Neyriz ophiolite, Iran: constraints from geochemistry and Sr-Nd-Pb isotopes	Hadi Shafaii Moghadama, Mohamed Zaki Khedrbc, Massimo Chiaradiad, Robert J. Sterne	International Geology Review	

كلية العلوم ٢٠١٤/٢٠١٥
