

- **Write a research article, research review or research project on one of the followings:**

- 1- Blood sucking true flies
 - Species
 - Morphology
 - Life cycle
 - Medical importance
- 2- Blood parasites infecting large animals
 - Species
 - Morphology
 - Life cycle
 - Pathogenesis
- 3- Ectoparasites of cattle
 - Species
 - Morphology
 - Life cycle
 - Medical importance
- 4- Chicken Coccidiosis
 - Species
 - Morphology
 - Life cycle
 - Pathogenesis
- 5- Myiasis in farm animals
 - Definition
 - Classification
 - Pathogenicity
- 6- Flagellates infecting cattle
 - Species
 - Morphology
 - Life cycle
 - Pathogenesis
- 7- The roles of arthropods in transmission of pathogens
 - Types
 - Examples
- 8- Blood parasites infecting birds
 - Species
 - Morphology

- Life cycle
 - Pathogenesis
- 9- Ectoparasites of fish
- Species
 - Morphology
 - Life cycle
 - Pathogenicity
- 10- Tissue cyst forming coccidian parasites
- Species
 - Morphology
 - Life cycle
 - Pathogenesis

Best wishes

Prof Dr. Mahmoud A. El-Seify
Dr. Nagwa Mohammed kandel
